

Md. Rakib Hossain

Dhaka, Bangladesh, [rakiblegends.std63@gmail.com](mailto:rakiblegends.std63@gmail.com), +880-1406849034, Github: [@rakiblegends](#), LinkedIn: [@rakib105](#)  
Codeforces: [@RakibHossain](#)

I am a tech enthusiast, a hobbyist , a generalist undergraduate student, explored a lot of **abstraction layers** of CS and prefer to stay in the top layers, closer to the both general users and the system. I find it very interesting to solve problems and navigate through the features of C++.

Education

- Dhaka University of Engineering & Technology, Gazipur November 2021 - July 2025
  - BSc, Computer Science and Engineering

Technical Skills and Projects

- Algorithmic **Problem Solving** (1000+ and counting), C++, Python, Front End Development(PHP) (2+ years), Android Studio, Git, Database & DBMS. I notice and enjoy other’s design choices (UI/UX, System Architecture etc)
- Projects:** A few projects to understand the front end development such as:
  - Telemdicine Web Application:** [Telemedicine](#), web application to serve as a remote pharmacy shop, designed using PHP.

Leadership Experiences (selected)

- Additional Programming & Algorithms Secretary - DUET Computer Society** July 2022 - Till Now
  - I manage and moderate the Programming & Algorithms wings of DUETCS organization ([Website](#), [LinkedIn](#)) and hosts offline events

Awards and Certifications

- Champion of Intra-DUET Programming Contest, Beginner** (2022, Became the champion of Intra-DUET Programming Contest, Beginner held by DUET Computer Society)
- Participated in more than 5 Programming Contest offline held by reputed University in Bangladesh and secured decent ranks.

Field of Interests

- Problem Solving, Core CS,, Sports , Chess, Math, Online forums (Quora, Reddit), Local and Global Economy and anything that stirs the intellectual interest.
